ABOUT DJETOPS

The Aviation industry's first smart online flight permits application is being launched by international trip planner, Djetops, in a live Beta version demonstration at EBACE, Geneva 24-26 May 2016, Stand U055. PermitsGlobal automates the complex process of obtaining over-flight and landing permits, giving pilots and flight operators 24/7 control over their flight permit applications from a smart phone, tablet or via the web.
